## Pesticide Application Policy and Statement

Here at Smith Academy for Excellence pesticides are used to ensure safety of our staff and students. Anyone who would like notification of when application will be administered by our licensed professionals are asked to request information from the office by dialing 260-579-6939 and asking to be added to the list for “pesticide application notification registry”. Once you’re added to the list you will be given the option to receive a 48hr advanced notice via phone or e-mail.

If you have any further question please call the office number listed above and ask to speak with Mr. McGarry.

Thank you!

Smith Academy Administration
